Kickstarter Launch Formula Salvador Briggman 2017-01-13 If you're looking for a step-by-step launch framework for your upcoming Kickstarter or Indiegogo campaign, this is the handbook for you! I'll teach you how to use crowdfunding to raise money online and bring your project to life. You see, we're at the beginning of a movement as transformative as the industrial revolution. Never before in history have authors, musicians, artists, and film producers been able to connect with massive online audiences and get funding for their creative work. The outdated media gatekeepers are quickly disappearing. You can now get funding directly from your fans and distribute your content online. If you're a creative type, this is the BEST time to be alive. But, it doesn't stop there. This major change has also given rise to six and seven-figure online businesses. As a fellow entrepreneur, I know that one of the most common excuses for not quitting your job and launching that startup company is because you don't have the money. Now, in a few short weeks, you can have all of the capital you need to launch and grow a thriving ecommerce business. It's no longer a crazy idea to pursue your passion. In fact, more and more millennials are doing just that. I should know, I'm one of them! When I first started blogging about Kickstarter in 2012, I had no idea that crowdfunding would become a multi-billion-dollar industry. I was just a Junior in college, writing a mini-thesis on how different variables affected fundraising success on Kickstarter (for you nerds out there, it was a logistic regression). Flash forward several years, and I'm now one of the top experts in the crowdfunding industry. I started the blog, CrowdCrux, which did over one million views in 2015. I set up a forum called KickstarterForum, which has attracted over six thousand members. I even launched a popular podcast called Crowdfunding Demystified, which has racked up more than 100 positive reviews in iTunes. Finally, I also put out training videos on YouTube and I am proud to say that the channel is experiencing rapid growth. That all sounds impressive, but actually, when I first stumbled on the website, Kickstarter, I didn't have a clue how it worked. It seemed super confusing and I had SO MANY questions. Since 2012, I've come to master the platform and discover the ins and outs of how crowdfunding really works. I've published many of my findings online and I've been being linked to by sites like CNN, The New York Times, The Huffington Post, and even The Wall Street Journal. In this guide, I'm going to share with you the step-by-step launch strategy for absolutely crushing it on Kickstarter. In no time at all, you'll be raising money for your startup or creative project. I'll make it super easy to copy and implement these tactics and strategies. I'll also share some Jedi Mind Tricks that most marketers don't know about. Before you know it, you'll be a crowdfunding expert! Now, I bet you're thinking... "boy this all sounds like a lot of work. Do I really have to learn all of this? I just want to get funding for my project." Truth be told, it is A LOT to master, which is why having the right teacher can make all of the difference. I'll make sure that you master this material as quickly as possible, so that you can stop fundraising and get back to doing what you love! Either way, whether you decide to run your own Kickstarter campaign, or outsource certain aspects, it pays to know what you're doing. I want to help you smash your Kickstarter goal and then I hope you come on my podcast as a crowdfunding success story. It's time to get serious about making that business you've been dreaming about a reality. It's finally time to get paid for your creative work. Let's get started!

How to Build A Million-Dollar Company From Your Own Home in Just 90 Days ...Really?!? Dr. Robert C. Worstell 2014-05-31 To begin with, I was caught by surprise. I was doing my usual, which was working at the daily grind of my slow, but steady home business (of publishing books) when I got this email about a new release coming out. But it said nothing more than "Dillard was releasing something new, and did I want to be part of it?" I knew of Mike Dillard from his days in Magnetic Sponsoring. This is where he "almost single-handedly revolutionized the Network Marketing industry" - simply by introducing them to Attraction Marketing, and the Self-Liquidating Offer ("Funded Proposal") After that, he'd gone on to build something called the Elevation Group which I hadn't paid much attention to, since it was beyond my price range. Then I got another email saying how to login to the affiliate members area - and once I got in, I started reviewing his descriptions about what was being offered... The reason I'm finally publishing this - is so you can learn from someone who's been there, drunk the Kool-Aid, and survived.

How to Start, Teach, & Franchise a Creative Genealogy Writing Class or Club Anne Hart 2008-06-12 It's easy to start, teach, and franchise a creative genealogy writing club, class, or publication. Start by looking at the descriptions of each business and outline a plan for how your group operates. Flesh out each category with your additional research pertaining to your local area and your resources. Your goal always is to solve problems and get measurable results or find accurate records and resources. Or research personal history and DNA-driven genealogy interpretation reporting. You can make keepsake albums/scrapbooks, put video online or on disc, and create multimedia text and image with sound productions or work with researching records in archives, oral history, or living legacies and time capsules. A living legacy is a celebration of life as it is now. A time capsule contains projects and products, items, records, and research you want given to future generations such as genograms of medical record family history, family newsletters, or genealogy documents, diaries, photos, and video transcribed as text or oral history for future generations without current technology to play the video discs. Or start and plan a family and/or school reunion project or franchise, business or event. Another alternative is the genealogy-related play or skit, life story, or memoir.

How to Open a Business Writing and Publishing Memoirs, Gift Books, or Success Stories for Clients Anne Hart 2005-12-13 Learn what questions to ask and how to interview people for the significant moments in their life stories, and then write, publish, and bind by hand exquisitely-crafted personal gift books, memoirs, or business success stories. Words in memoirs or life success story gift books have a life of their own. The purpose of a hand-made, finely bound memoirs or business success-story gift book is to show how two or more people bring out the best in one another. You'd be surprised how many people are satisfied to pay up to \$10,000 (or more depending upon the publisher) to have only one copy of a hand-bound hardcover book published about their event or life story. What does it take to create and publish a memoirs gift book commemorating a Bar Mitzvah, confirmation, wedding, or true experience? What quality of personal book do you want to make from scratch-writing, printing, and binding? As far as printing and binding, you can make one finished book at a cost to you of only \$1.50/\$4.50. What you charge a client depends on what it costs you. If you create and publish a custom gift book, you'd publish only one copy of a hand bound, hard-cover book. The tome would contain anywhere from 60 to 100 photos. Text material based on phone or live interviews running at least two hours for one person (or more if needed and about two hours spent per each interview) would be about 80 to 120 published pages-slightly more, but only if necessary. Look at yourself as a designer, writer, interviewer, and book binder. Learn how to make your own pop-up books for all ages.

Formulators of the Formula of Concord Ted Jungkuntz 2001-09-03 For 400 years the Formula of Concord has served as a major cornerstone of Lutheran doctrine. Many previously published books deal with the theology of this important document. Little has been written, however, about those who participated in the drama of its development. Now Dr. Jungkuntz tells the story of the four chief architects of the Formula of Concord. He reveals the difficulties these men struggled with as they sought to restore unity to the Lutheran Church. Of special interest is the never before translated diary of Nikolaus Selecker, one of the original formulators. Formulators of the Formula of Concord provides fascinating insight into the personal lives of four men who shaped an important part of our Christian heritage. Readers will be led to a new understanding of the Formula of Concord as a confession of faith that is rooted in history and yet has much to say to us today.

How to Write a Novel in 90 Days Conrad Jones 2013-10-21 This concise guide tells you how to write a novel by using a systematic approach to writing. This guide is written by an author not a 'guru'. A simple step by step breakdown of how to plan each day. No fillers and no theory, just the hard facts in a concise guide. There are many guides about writing novels on the market but how many of them are written by prolific published authors? The answer is 'not many'. How can anyone write a guide unless they have been through the writing process many times before? The simple answer to this question is they can't because they cannot feed on their own actual experiences to help another writer to avoid the mistakes and pitfalls. Most guides regurgitate information which they have picked up from creative writing books or sites. How can they give you advice when they have never sat down and focused on creating a novel which will sell, many times over? Writing a novel is the same as any other task we undertake as individuals. We have to learn how to do it in order to do it well. When you first learn to drive, you need lessons. No one walks into the kitchen and creates a gourmet dish on their first attempt. If you want a system to apply to writing a book, then you need to take advice from an 'author' who has taken years to develop the process via experience.
