Teaching Foreign Language Skills Rev Ed Wilga M. Rivers 2018-06-29 Since its original publication in 1968, Rivers's comprehensive and practical text has become a standard reference for both student teachers and veteran instructors. All who wish to draw from the most recent thinking in the field will welcome this new edition. Methodology is appraised, followed up by discussions on such matters as keeping students of differing abilities active, evaluating textbooks, using language labs creatively, and preparing effective exercises and drills. The author ends each chapter of this new edition with questions for research and discussion—a useful classroom tool—and provides an up-to-date bibliography that facilitates further understanding of such matters as the bilingual classroom.

Why Do English Second Language Students Have Speaking Problems? Kevin Peterson 2021-10-28 There are currently an estimated 2 billion English learners in the world. In many countries, schools now require English classes. However, after years of studying English, students still have difficulty speaking English. When speaking, proper grammar can be useless if speaking is not clear and understood by the listener. It is time to try something different because the current methods are not effectively working. Learning English grammar rules is not enough, and it is impossible to memorize every English conversation. Situations will be different, and making unique conversations is necessary in the real world.

Формирование межкультурных отношений студентов. Профессиональное обучение Елена Сперанская 2017-09-05 В условиях значительных перемен в жизни нашей страны, все возрастающей миграции населения, роста числа иностранных студентов как никогда становится важным формирование у молодых людей умений выстраивать конструктивные отношения с представителями иных культур, бесконфликтного общения. Воспитание толерантности, ответственности за действия членов коллектива, активной жизненной позиции, способности адаптироваться в условиях социальных изменений - таковы ключевые приоритеты развития образования.
