Administrative reforms for India VIJAYA KRUSHNA VARMA 2020-06-29 Administrative reforms are long overdue in India as the present administrative system is obsolete and continuing as a legacy from British Raj. It is not coping with the ever-changing needs and aspirations of the ever-growing population of the country. Administrative set-up should be redesigned to work more efficiently and to bring transparency, accountability, efficacy and high-speed response into governance to meet the aspirations of the people before their anger turns into revolt against the elected governments. Zero corruption government should be the bedrock of an advanced democracy. We need to restructure and reboot the present administrative format into a more responsive entity to give quality services and equal opportunities to all citizens, instantly on demand at a single platform. These administrative reforms are aimed at removing corruption, arrogance and lethargy at all levels and in all forms
